To Whom It May Concern,

It is my great pleasure to recommend Target Marketing Solutions for creating and implementing a successful website. Paul and the Target Marketing Solutions team are an excellent choice.

They worked with us to create a professional and extensive website. Paul spent many hours understanding what content we wanted in our website and guided the process along. We are very happy with our website and the response has exceeded our expectations. Since the launch of the website, our company has seen a substantial increase in traffic leading to inquires and sales.

We continue to rely on Paul and Target Marketing Solutions. I believe that they would be beneficial to your organization as well. Taylor Material Handling & Conveyor strongly recommends their services.

Sincerely,

Robert Knapik
General Manager
